Blue Sign Will Make an Effort Today to Break His Record of 2:081-Myron McHenry Takes Second Money in the 2:37 Class Yesterday.

Yesterday was a great day on the Wichta race track, for an event happened that will be talked about today among race horse men in every nook and corner of the United States, or as far as the telegraph reaches. The event referred to is no more nor no less than the breaking of the race record of the world by "John R. Gentry. 3-year-old son of Ashland Wilkes, who paced a mile in the third heat of the pacing race in 2:14 and made the last half mile in 1:06. Starter Harry Loper could hardly wait for the decision of the judges to convey the joyful tidings to the patrons of

the grand stand, and when he did so a shout went up that nearly raised of the building. joyful tidings indeed to an Arkansas vai-ley crowd, for the sire of "John R. Gentry" is no less than the famous Ashland Wilkes, owned by H. G. Toler of this city. When the parentage of the animal became known loud calls went forth for Ashlaud Wilkes, and the noble animal was brought before the grand stand where out the city that the Fair association was he received an ovation never before acdemonstration must be something like the mittance at the gate is 50 cents and the high spirited Kentuckians gave Proctor Knott when he made his record, The present owner of "John R. horsemen last night all of whom predicted a great future for him on the race track. There were three entrees in the race and only two starters viz "Jemel McCoy" by Magnet, dam by son of Corbins Bashaw and owned by DuBois brothers of Denver Colorado and "John R. Gentry." The latter won three straight heats the purse in 2:14.

The second race was a trot, 2:19 class, for a purse of \$1,000. There were three home had been adopted by a well known entries and three starters, viz: Nina Medium, by Riley Medium, owned by J. R. Campbell of Elkhart, Ind.; Turk, by Coreander, owned by R. I. Lee of Topeka, and Newsboy, by Brentwood, owned by Edward Pyle of Syracuse, Neb. This was a very exciting race from the start, and particularly exciting when Newsboy won the second heat. There was some talk used pretty hard language, which the judges reprimanded severely, but still a number of persons who had probably dropped some money on the heat winked their other eye and said the wrangling be tween the drivers was a play. There was no room for any suspicion of jobbery on the other two heats, for Turk made them cisive. The summary is as follows:

resboy (Pyle), Time: 2284, 2175, 2:19. This (the 2:17% time) is said to be fastes: time ever trotted over a regulation track in Kansas. It was certainly a very exciting

This mistake delayed him at least 300 feet and as it was he came in fourth and was advanced to second place on account of McGregor and Bessie Allen getting off their feet

The races today promise to be exciting and full of interest to the lovers of horse flesh. Pet Davis is the favorite in the 2:30 trot and sold freely against the field at the Turf Exchange last night. There was but very little speculation on the other races for the reason that but very few knew the records of the horses outside of the horsemen themselves. There will be a mighty swift track today and something very exciting is liable to turn up. Blue Sign will make a very hard effort to beat her record of 2:08%, but it is thought by horsemen that it cannot be done. One of the princtpal attractions will be a three mile race between Miss McKumley and Miss Williams, in which they will mount a fresh horse at the end of each mile in front of

the grand stand. The attendance yesterday was much better than the previous days. It was a happy crowd too and everybody who attended was well pleased for no one could fail to be pleased with such excellent races. A report circulated on the streets that the admission fee was a dollar kept some people away. This report as a matter of fact had no foundation whatever as the admission fee was left at fifty cents and will not be raised under any circumstance during the remainder of the week. The attendance today promises to be very large as advices from the surrounding cities indicate a big turnout from these

GOOD FOR GARDEN PLAIN. Hons, Rudolph Hatfield and J. R. Sites addressed a large and enthusiastic Republican meeting at Garden Plain, this coun ty, Tuesday evening, Sept. 27. The speakers were well received and earnestly listened to. The Republicans are regaining much of their lost strength in that vicinity with good prospects for a larger majority than they have had for years. The leaven of reason and truth is doing its perfect work.

Miss May Spencer at her home, 1144 University avenue, entertained a few of her friends on Tuesday evening. Misses Zella Spencer and Maud Filkins rendered some very fine music. Games were played and all enjoyed themselves.
